'85-86

September '85: KILLER QUAKE

On the morning of September 19, a devastating earthquake hit Mexico City, measuring 7.8 on the Richter scale. In four chaotic minutes, over 20,000 people lost their lives, a chilling reminder that Mother Nature can strike anywhere, anytime and with deadly effect.

October '85: REAGAN TURNS RAMBO

The bizarre hijacking of the Italian cruise-liner, Achille Lauro, by four members of the Palestine Liberation Front resulted in the cold-blooded murder of U.S. passenger, Leon Klinghoffer, 69, and the subsequent mid-air interception of the hijackers by the U.S. Navy. The incident signaled the Reagan Administration's resolve to pursue an invigorated counter-terror crusade.

HAPPY BIRTHDAY!!

The United Nations celebrated a troubled 40th birthday with the largest gathering of world leaders in history. Some 80 heads of state met at U.N. headquarters in New York City despite questions about the organization's irrelevancy in regard to world affairs. Not only were arms control and other pressing concerns debated, but Manhattan traffic was tied up with tip to tail limousines.

November '85: SUPERPOWER SUMMIT

The whole world watched as U.S. President Ronald Reagan and Soviet Leader Mikhail Gorbachev made history in Geneva. It was the first time in six years of frosty relations that the leaders of the two superpower nations met to discuss world affairs. Although no major treaties were signed, there was a subtle thawing in relations between the two countries.

COLOMBIA'S AGONY

After many warnings, the long dormant Nevado del Ruiz erupted in Colombia, unleashing a mile-wide avalanche of ash and mud that thundered down on the town of Armero, virtually wiping it off the map. The catastrophe, one of the most tragic in recorded history, killed up to 25,000 people.

December '85: COMET FEVER!

The world caught comet fever when Halley's comet swung by the Earth once more as it made its 75 year voyage around the universe. Five instrument crammed space probes were on hand to greet the comet as it hurtled by, exciting amateurs and scientists alike. Unfortunately, unless you were in Australia, the comet was a disappointment.

January '86: MARTIN LUTHER KING DAY

Combining Christian idealism with Gandhi's principle of nonviolent resistance, the Rev. Dr. Martin Luther King Jr. awakened the conscience of the U.S. and the world to the plight of America's blacks. More than any other single person, King was responsible for the endowment of legal equality to a people who had been denied basic civil rights for more than 300 years. In 1968, King was assassinated. On the third Monday of January, for the first time, the U.S. began celebrating King's birthday as a national holiday. It's about time!

February '86: "... TO TOUCH THE FACE OF GOD"

When the space shuttle Challenger exploded in a ball of fire only 73 seconds after its lift-off from Cape Canaveral, the accident created not only seven martyrs to the Space Age—schoolteacher Christa McAuliffe and the Challenger's six other astronauts—but also a new debate about the direction of the U.S. space program.

March '86: PHILIPPINO POWER

Thirty months after her husband was slain on the tarmac at Manila International Airport, Corazon Aquino was sworn in as President of the Philippines. On the same day, following a 20 year rule, an ailing Ferdinand Marcos fled to Guam, Hawaii, and exile. Once again, democracy triumphed.

April '86: NUCLEAR MELTDOWN

The world panicked as a nuclear meltdown occurred at a power plant in Chernobyl, U.S.S.R., releasing a dangerous cloud of radioactivity into the atmosphere. The Soviets reported 2 people dead and 197 injured, a report which was exaggerated to 2000 by the western news media. Human error was blamed for the incident.

May '86: EXPO '86

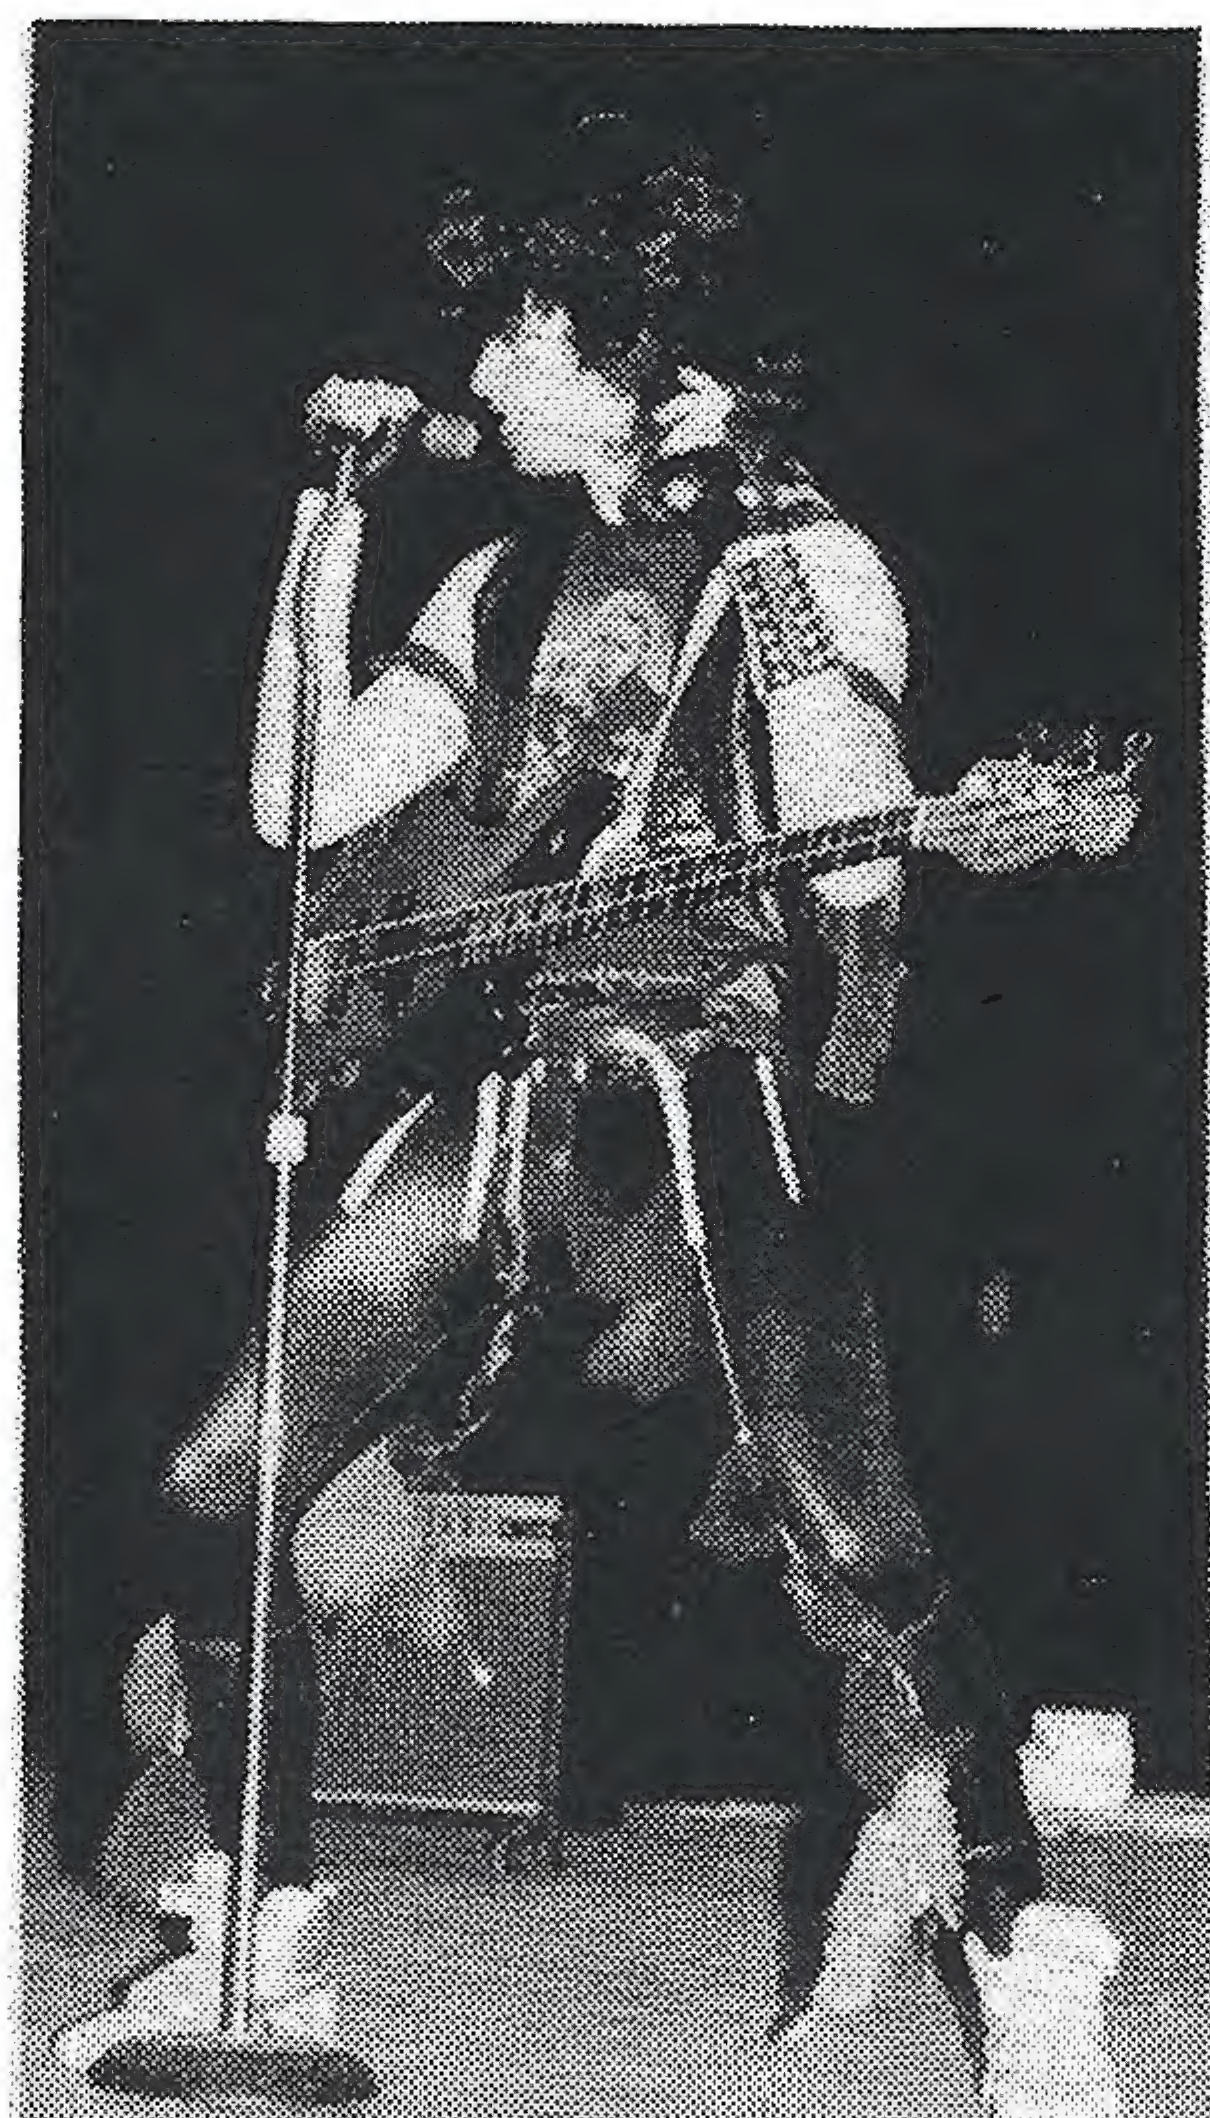

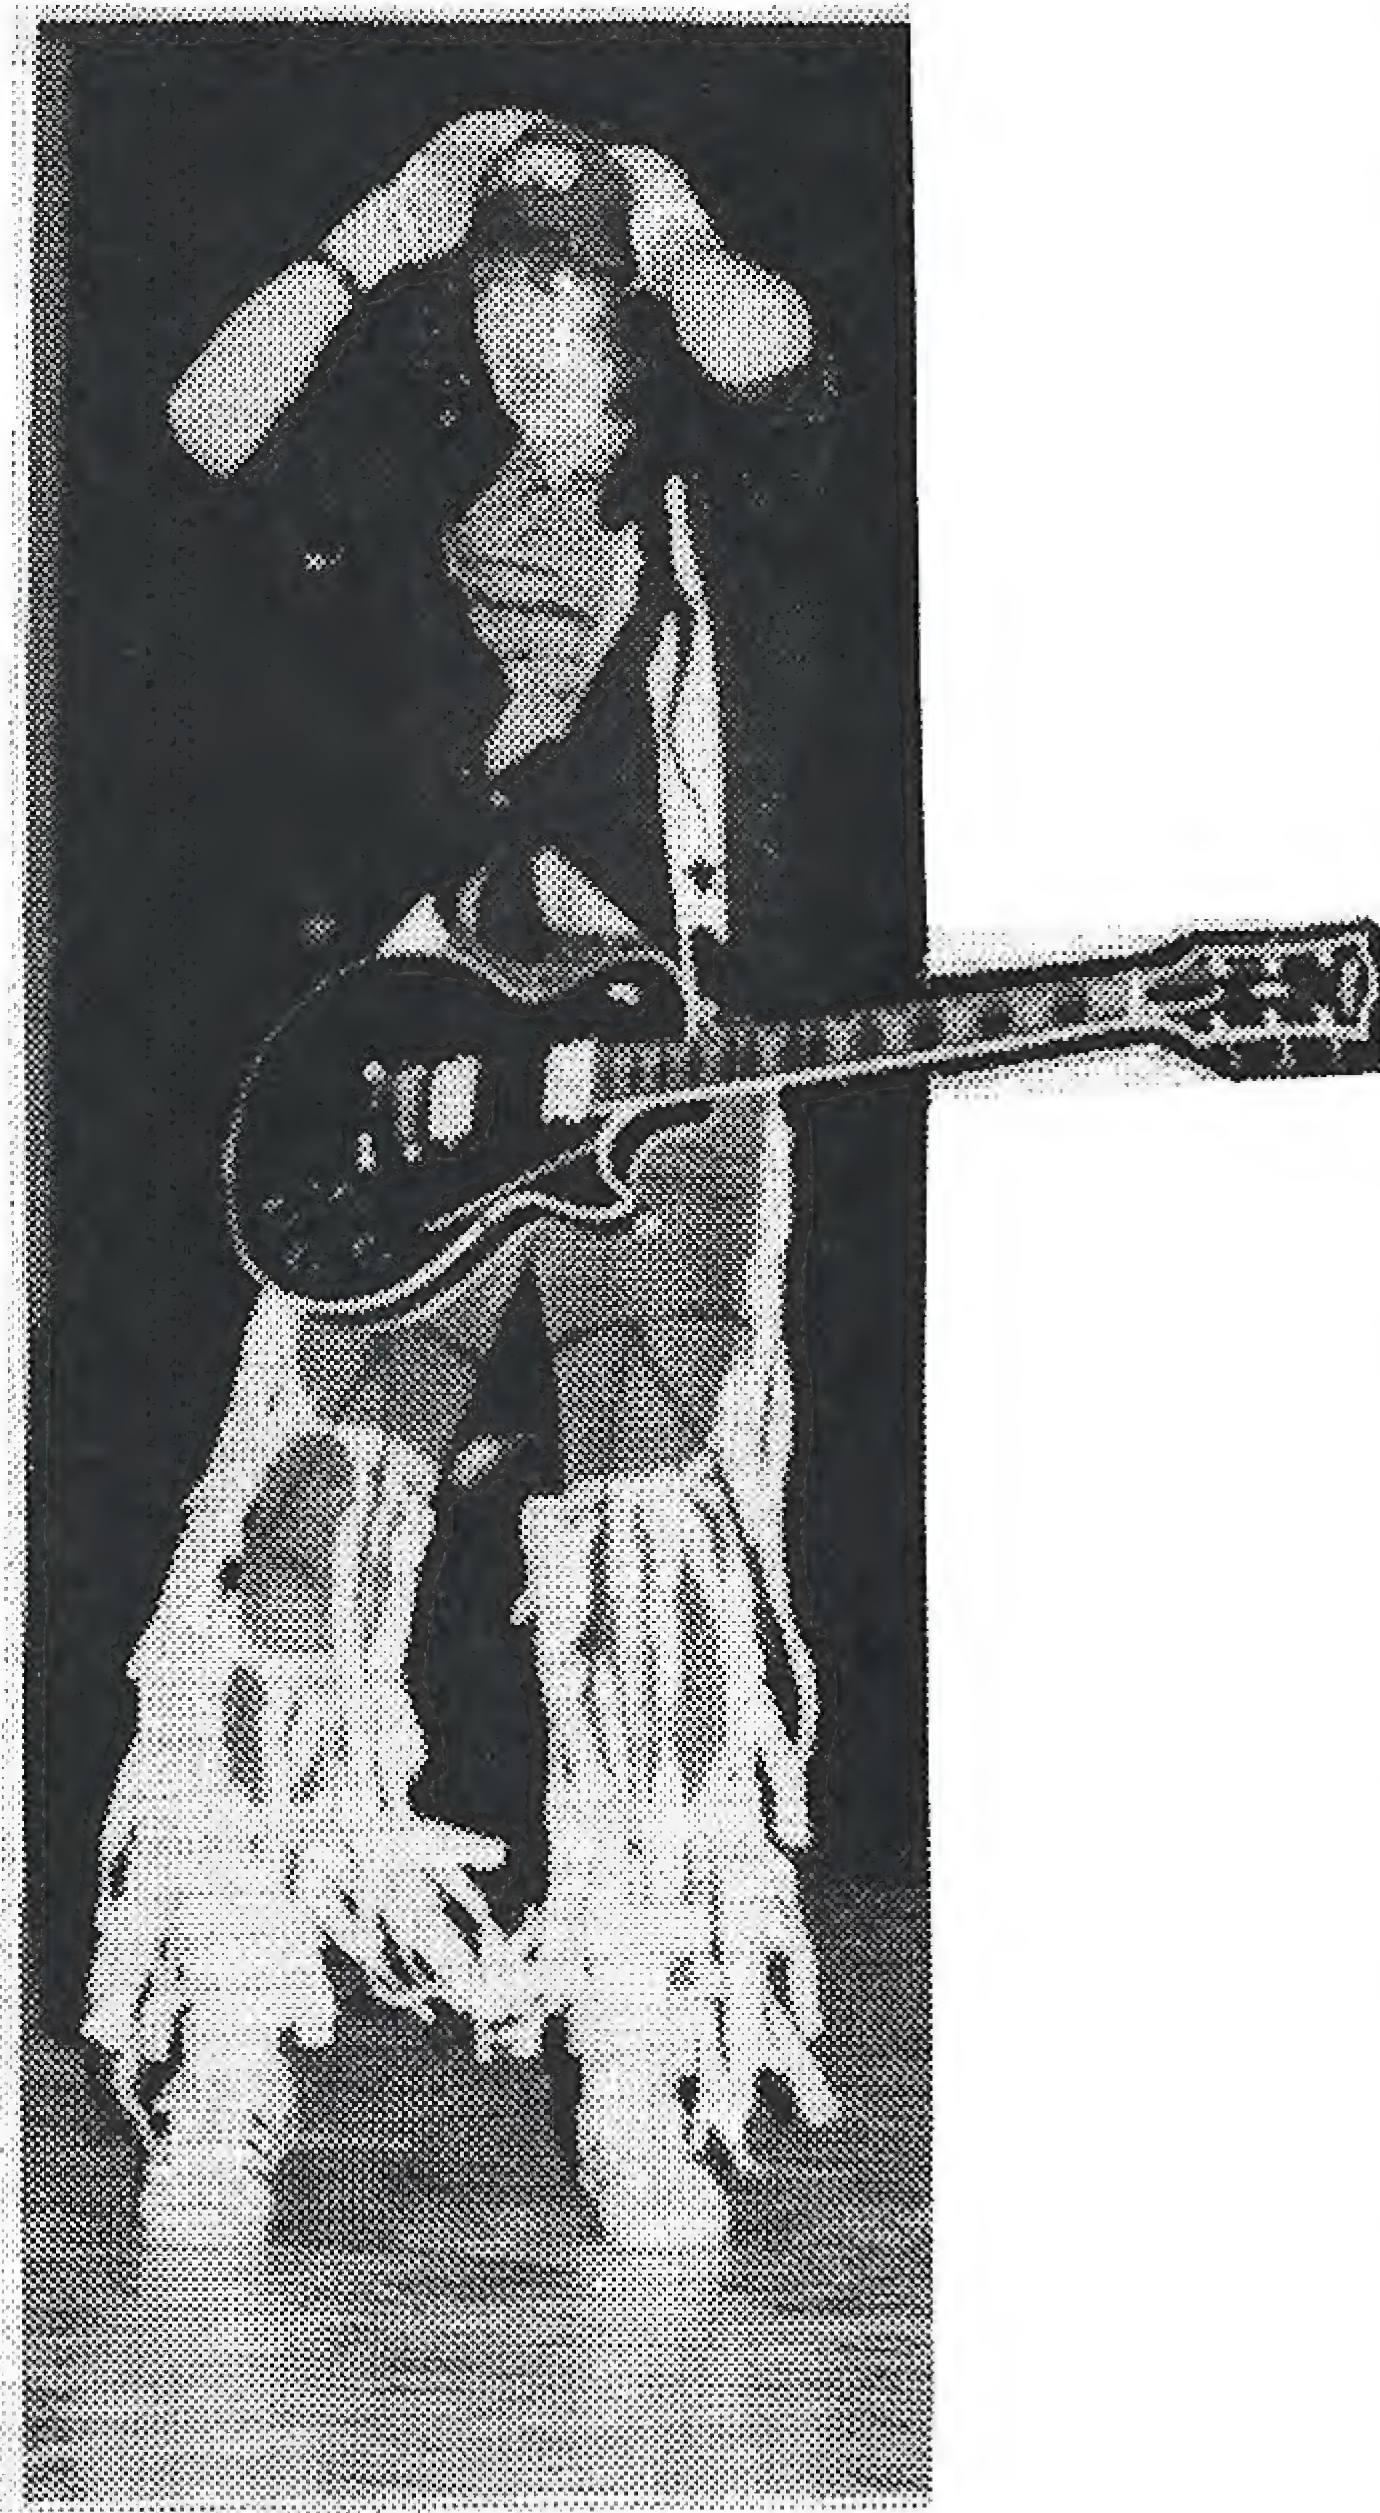

On May 2, British Columbia, along with the Prince and Princess of Wales, launched the biggest party in its history, a \$1.5 billion transportation and communications fair in downtown Vancouver known as Expo '86. When Expo '86 closes in October, millions of visitors will have seen the dynamic efforts of the fifty-two foreign exhibitors who are participating in this world fair.

Swim Team

by Rhona Lindo

Congratulations go out to the members of the Westview Girls Swim team:

Christine Brown	Tracey Gibson
Cathy Brown	Karen Sandford
Lisa Brown	Stephanie Tang

Even though they are a small team, they really put their hearts in it throughout the regular season and represented Westview proudly at the North York Finals.

A special thanks goes out to Ian Kideckel and Mrs. Shea, their swim coaches, for a job well done.

Track and Field

by Rhona Lindo

Our indoor track team had a great season. Our track team participated in the track meet at Varsity Stadium. Our boys' relay team did exceptionally well.

Congratulations go to the boys and girls on the team (you know who you are!). These people will be gearing up for outdoor track and we will be trying to accomplish the great feat of capturing the North York Overall Championship for the second time in a row. This championship will be held at York University.

Thank you to the coaches who have spent their time training the team: Mr. Budd, Miss Richardson, Mr. Johnson, Mr. Tom, and Mr. Andrews.

Volleyball

The Senior Girls Volleyball team had a terrific season. They were 5-2.

They lost their first game to Sir Sandford Fleming in the third match by a score of 15-12. It was a hard fought game between the two teams. Their second defeat was at the hands of the senior Emery team. Again it was a very close game in which Emery came on top in the third match by a score of 15-12.

The girls placed third overall in their division. They clinched this position by defeating Mackenzie in three straight matches. Our girls went on to play in a tournament that decides who goes on to play for the championship.

They played the top teams in each division: Earl Haig and Victoria Park. In their first game, against Victoria Park, the girls had a slow start and lost 2-1.

Their next game was against the mighty Haig team. The tournament was played at Westview and the fans and other team players were rooting for us. In the first match the Wildcats were defeated by a score of 15-6, but the girls pulled themselves together and came back to play a very hard fighting match. They were defeated though by a score of 16-14. Our girls gave the Haig team a scare, but they fought back.

The girls had a very exciting season and they all had a great deal of fun. Their coach was very pleased with their performance. All the team players are very proud of their accomplishments and are looking forward to next season.

The team:

Andrea Davidson	Rhona Lindo
Laxim Mohabir	Janet Forrest
Janet Jackson	Helen Korhonen
Carol McGregor	Donna Ford

Volleyball

by Rhona Lindo

Our Junior girls volleyball team did all right this season. The girls have a lot of potential to carry on and have a successful 1986-87 season. With some more experience they will be fantastic. They were a fun bunch of girls who were very high spirited and had a great attitude toward their sport.

Congratulations go to the team, which consists of:

Florence Ahyia	Paula Lattanzio
Lenore Timm	Michelle Jones
Diane Smillie	Paula Pullman
Susan Smillie	Loraine Ramsuchit

Jr.: I am also interested in other sports such as volleyball, soccer, hockey, badminton, softball, and track and field.

Editor: How does it feel to be new at Westview and to have so much recognition?

Jr.: It doesn't feel any way to be new in school and the recognition that I have gotten doesn't feel any way because I have always been in the spotlight and done well in athletics. This is so because I have been living in this area for five years and a lot of people know who I am and what I strive for.

Editor: Is there anyone who has been a big influence in your B-ball interest?

Jr.: The person that I can say influences me everytime I see him play is a player in the NBA, "Dr. J." He just lights up my face everytime I see him play. Another inspiration I have is my Mom. She is always telling me, "When are you going to get a scholarship like your friends?" I always tell her to relax. Also, all my friends have been behind me one hundred percent in backing me everytime I play.

Editor: What do you see for yourself in the future?

Jr.: My future will be bright but I don't want to predict it. All I can say is that everyone will hear about me sooner than they would expect.

Editor: What colleges are you planning on going to?

Jr.: There has been various college interest in me. Humber, Centennial, and Brandon have expressed an interest in me.

Editor: How many other teams have you played for?

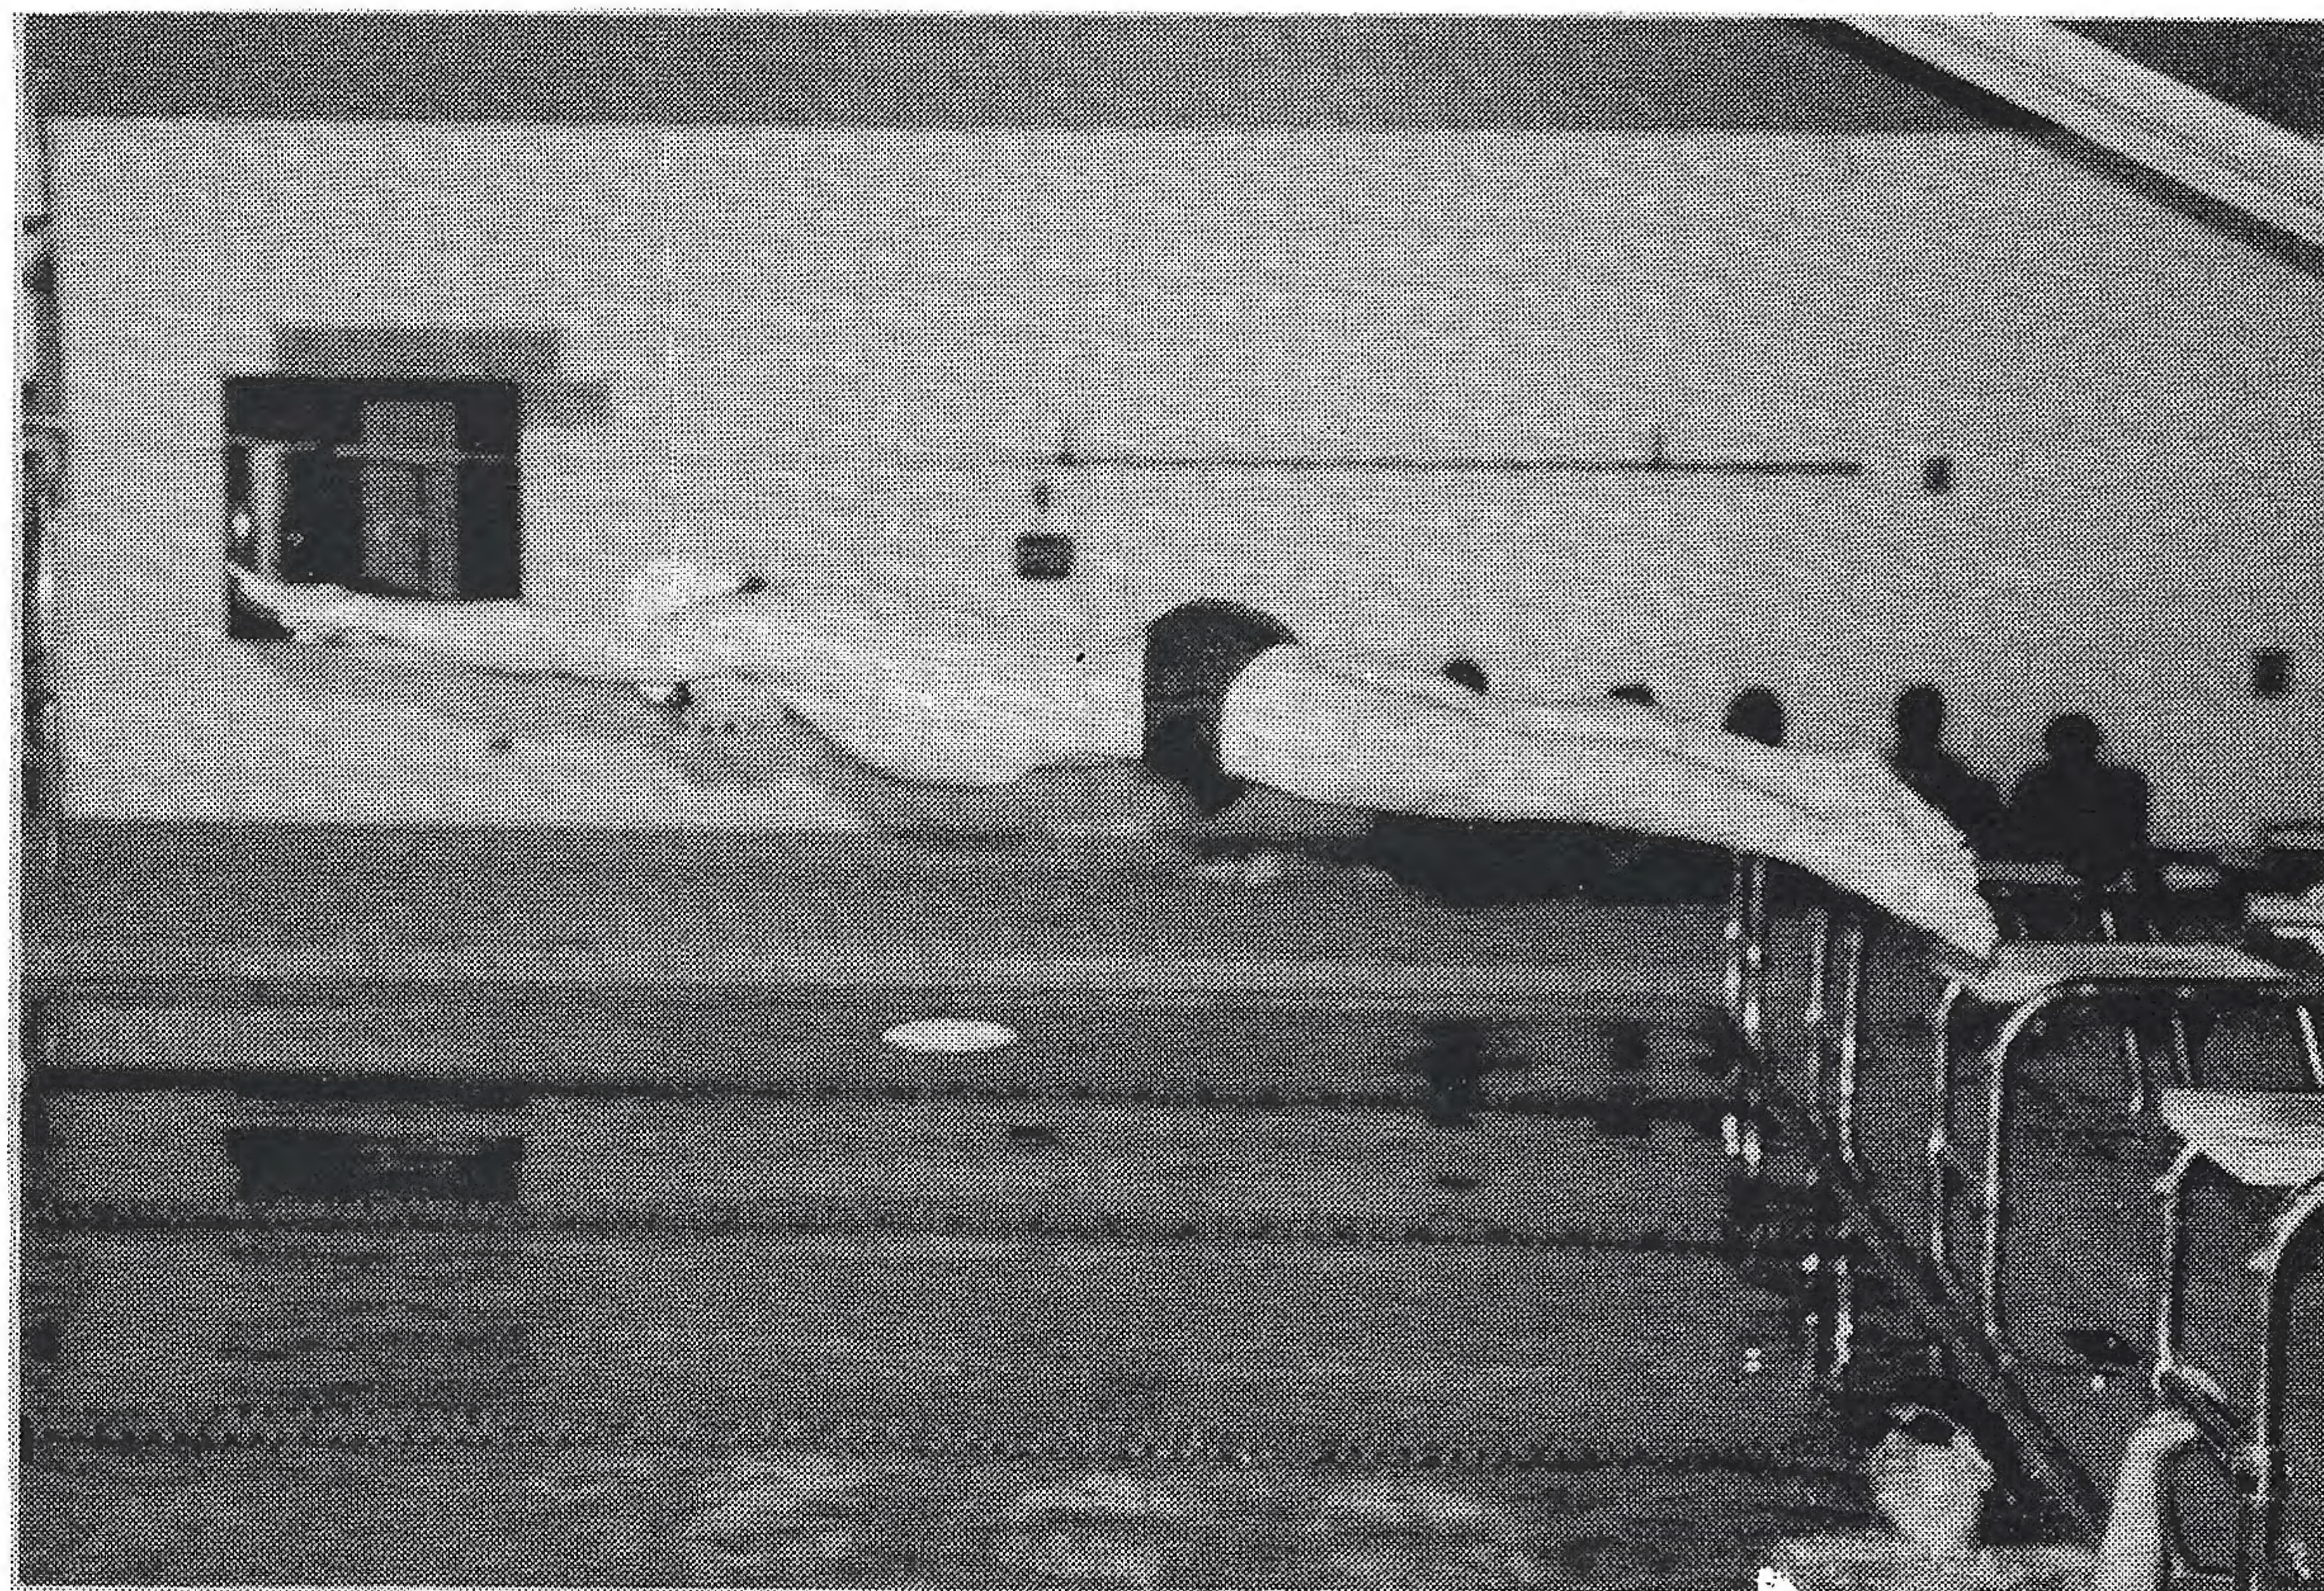

Jr.: I have roughly played for seven or nine teams during summer and school.

Editor: What do you like to do in your spare time?

Jr.: During my spare time I like to listen to music and practice B-ball or any other sports. I also like to sit and look at certain pretty faces such as E.P., K.E., A.S., P.M., and H.M.

Editor: Thank you for a lovely interview.

Jr.: You're welcome.

Listen guys! If you want to make it through life then take my advice-- keep away from love, gossip, wine & Americans and you will live to be terrorists, dictators and propagandists (Ronnies).
